

BONOLABS: TAPELESS OPTION FOR HIGH DEFINITION TELECINE TRANSFERS

Bonolabs is the Technical Initiatives Division of Bono Film & Video, Inc

New clients must order the test confirmation drive to ensure system functionality and compatibility.

Best-lite telecine transfers-direct to Hard drive

- Direct to hard drives; uncompressed 10-bit, DVCPRO HD or HDV compressed files
- HFS (10-bit, DVC Pro HD) or NTFS (10-bit & HDV)
- Quicktime format for Final Cut Pro (or another MAC compatible NLE) or AVI for PC NLE apps such as Adobe Premiere Pro
- Tapeless service fee is charged separately.
- Client is responsible for determining compatibility and for meeting system and application requirements
- Telecine fee is based on running time for best light & flat transfers (not labor or suite time)
- Unsupervised color corrected transfers are based on labor time; minimum is three times runtime; see description
- Quarter hour minimum fee; per minute charge above 15 minutes. Speed or stock changes within rolls that require telecine re-set: \$25 per change
- No supervised telecine sessions or tab-to-tab transfers
- HD clients must fill out and return our HD "spec" sheet
- All film will be prepped and cleaned: see charges below
- No charge for compilations of multiple titles
- Clients are expected to be familiar with and agree to all policies, terms, and conditions
- Clients requesting material from the National Archives may have additional fees, such as NARA handling fees to pay. Please follow our procedures for requesting items from NARA. Visit: www.bonofilm.com/archive.asp

5 Formats - estimate your runtime

- 35mm/Super 16/16mm/Super 8/Regular 8mm
- Runtime calculations (based on 24 frames per second telecine speed)
 - 35mm: 90 feet per minute
 - S16/16mm: 36 feet per minute
 - Super 8: 15 feet per minute
 - R-8mm: 14 feet per minute
- Expect longer run times for silent speed frame rates

Pricing Summary

- Prep & clean charge per foot
- High Definition Telecine transfer Charge based on runtime (quarter hour minimum with per minute runtime charge above 15 minutes)
- Tapeless service fee with a \$50 minimum
